Wireless Security

HS911S – Smart Wireless Home Alarm Kit

KEY FEATURES AND BENEFITS

- Our unique patented bi-directional secure 868 MHz Wireless Technology - longer range (1000m) and improved battery performance.
- Easy and intuitive to use. Simply activate and deactivate your alarm with one touch.
- Ethernet port for IP connection.
- Up to 32 peripherals per installation.
- Leave your home with complete peace of mind. The APP allows you to monitor your home from a tablet or smartphone to ensure your family is safe
- Total Connect Comfort International mobile Apps enable visual verification feature which allows you to see what is happening if an alarm is activated. The home owner is notified by SMS or email and can distinguish whether an intrusion has occurred or if it is a false alarm.
- evohome hub has stand-by 24hrs back up in case of mains loss.
- Easy and intuitive to use. Simply activate and deactivate your alarm with one touch.
- LED indications for user feedback (low battery, system status – Arm, Disarm, Partial Arm)
- Total Connect Comfort' iOS and Android app available in App Store and Google Play to download. Apps support all security related functions
- Web portal URL to support registration and setup: <https://international.mytotalconnectcomfort.com>
