

## Honeywell Home Product Technical Data Wireless Security

### HS923GPRS - Smart Wireless Home Alarm Kit with GPRS and Siren

#### KEY FEATURES AND BENEFITS

- Our unique patented bi-directional secure 868 MHz Wireless Technology - longer range (1000m) and improved battery performance.
- Transmission using GPRS with built-in antenna.
- Standard SIM Card with roaming services.
- Ethernet port for IP connection.
- Up to 32 peripherals per installation.
- Adaptive radio jamming detection.
- Leave your home with complete peace of mind. The APP allows you to monitor your home from a tablet or smartphone to ensure your family is safe

- Total Connect Comfort International mobile Apps enable visual verification feature which allows you to see what is happening if an alarm is activated. The home owner is notified by SMS or email and can distinguish whether an intrusion has occurred or if it is a false alarm.
- Standard SIM Card with 2 years connection period.
- Stand-by 24hrs back up in case of mains loss.
- Total Connect Comfort' iOS and Android app available in App Store and Google Play to download. Apps support all security related functions
- Web portal URL to support registration and setup: <https://international.mytotalconnectcomfort.com>

#### KIT CONTENTS

- 1 x Wireless Hub with GPRS
- 1 x Wireless Motion Sensor with Colour Camera
- 1 x Wireless Pet-immune Motion Sensor (PIR)
- 2 x Wireless door window sensor
- 1 x Wireless Contactless Tag Reader with built-in Siren
- 2 x Contactless tags
- 1 x Wireless battery Siren with LED (with integrated spirit level)
- 1 x SIM card
- 1 x Ethernet / LAN cable
- 1 x Universal Power Adaptor with EU and UK plug
- All required batteries
- All fixings supplied
- Quick start installation guides
- 1 x SMS activation code card
- 1 x Safety and guarantee guide
- 1 x Declaration of conformity

#### INSTALLATION

- Internal dry use wall mounting
- Wireless battery Siren suitable for external wall mounting

#### PRODUCT SPECIFICATION

Languages covered –  
GB, DE, FR, ES, PT, IT, NL = English, German, French, Spanish, Portuguese, Italian, Dutch

- Frequency - 868MHz
- Wireless Range : 1000m (open field)
- Operating Temperature: -10°C to +55°C
